reasons to  
consider  
Caldera Spas

Commissioned by

# We can help you create your own private sanctuary

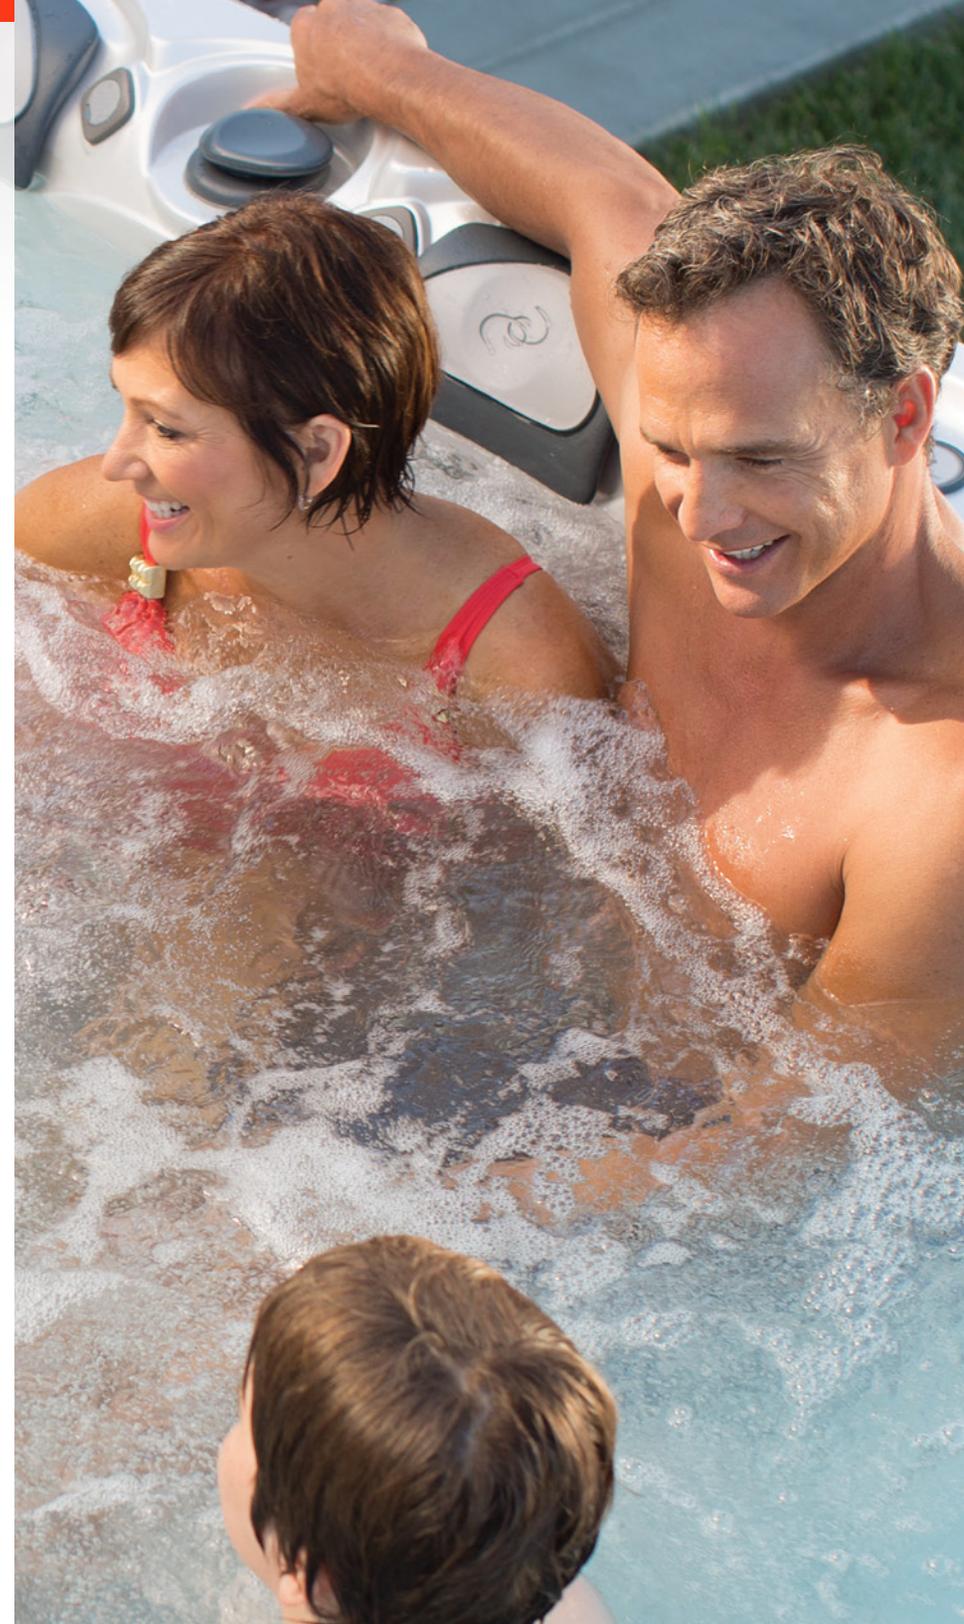

Imagine if you had a magical place where you could go to feel recharged and renewed each day. You can when you own a Caldera spa.

As hot tub enthusiasts, we know you'll enjoy the greatest benefits from your Caldera spa when you use it often. That's why for more than 40 years we've made the most comfortable, reliable and high performance hot tubs possible.

You'll find seven reasons to consider a Caldera spa on the following pages:

- 1** Essential elements of a Caldera Spa
- 2** Attention to quality
- 3** Caldera Hot Tub Circuit Therapy®
- 4** Nine jets dedicated to Hot Tub Circuit Therapy®
- 5** Simple water care solutions
- 6** Increase energy efficiency with FiberCor™
- 7** Features, sizes and series to choose from

## Essential elements of a Caldera Spa

The Caldera difference is in the details. We believe that once you've experienced the Pure Comfort<sup>®</sup>, performance and style of your Caldera spa, you'll want to make it part of your everyday well-being routine.

Our reliable, high-performance spas are designed for comfort, efficient energy use, and simple maintenance so you can focus on enjoying your hot tub often.

### Pure comfort

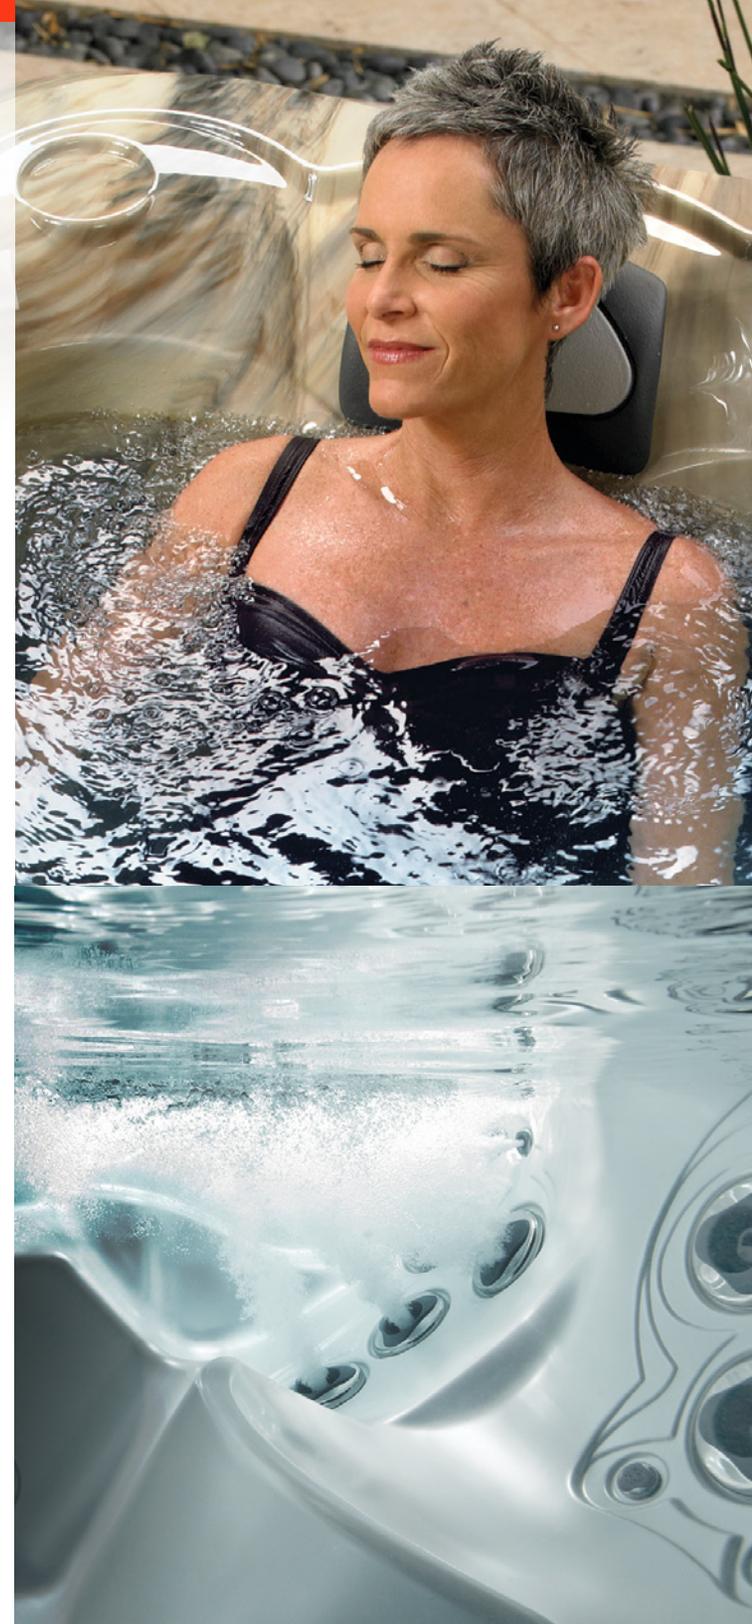

Our hot tubs pamper you with deep, cradling seats and a textured Foot Ridge<sup>®</sup> that help you stay relaxed and seated while enjoying powerful jets. Whisper quiet sound dampening design enhances your comfort as tension melts away.

### Pure performance

Each Caldera spa is built with the strictest attention to quality and efficiency, rewarding you with reliable, energy-efficient performance for years of worry-free hot tubbing.

### Pure style

We craft each hot tub detail to awaken the senses. From rich colors to the organic contours of our sculpted seats, every element is intended to soothe and delight.

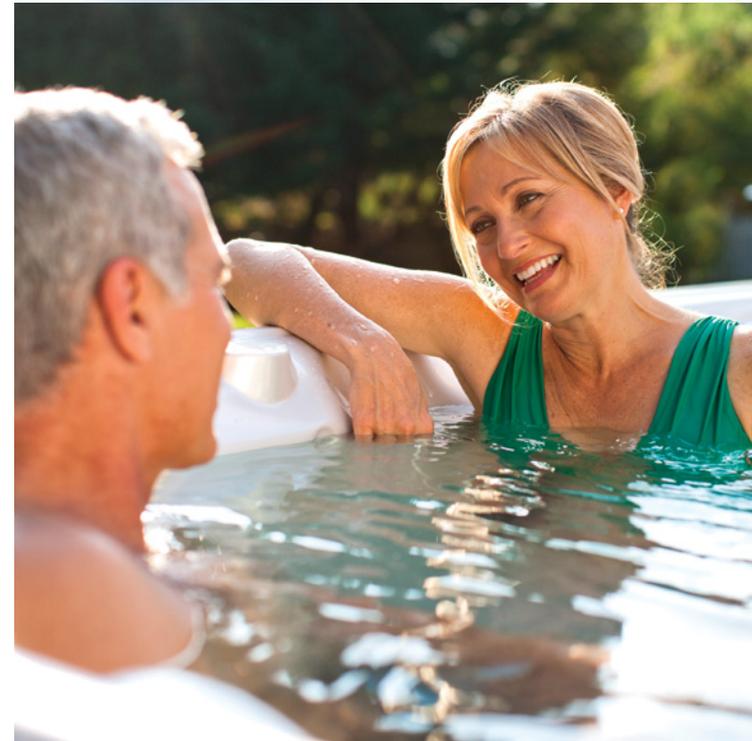

## 2

## Attention to quality

Each Caldera spa series offers models with a distinct level of value and features. And all Caldera spas are designed with our signature combination of Pure Comfort<sup>®</sup>, performance and style to deliver optimal self-care and daily renewal.

### Hallmark features:

- Beautiful interior acrylic shell, hand-crafted with our three-layer DuraBond system for strength
- Durable, low-maintenance EcoTech™ cabinets with the aesthetic appeal of natural wood
- Quiet and energy-efficient EnergyPro<sup>®</sup> system to minimize operating costs
- Energy-efficient and environmentally responsible proprietary FiberCor™ insulation
- Integrated, low-maintenance FROG<sup>®</sup> in-line water care system

3

## Exclusive jet system innovation: Caldera Hot Tub Circuit Therapy<sup>®</sup>

Move from seat to seat in a Caldera hot tub and something wonderful happens. Each seat focuses on massaging one muscle group at a time. Imagine how every part of your body can appreciate Hot Tub Circuit Therapy<sup>®</sup>, an exclusive Caldera innovation.

### Guide to Hot Tub Circuit Therapy\*

- |                              |                     |                       |
|------------------------------|---------------------|-----------------------|
| 1 UltraMassage™ Seat /Lounge | 4 EcstaSeat®        | 7 Euphoria® Jet       |
| 2 Air Jet System             | 5 LumbarSsage® Seat | 8 Sole Soothers® Jets |
| 3 Atlas® Neck Massage System | 6 Whirlpool Jet     | 9 Foot Ridge® Support |

\* Jet systems and positions vary by model. See individual model specifications for detailed configuration.

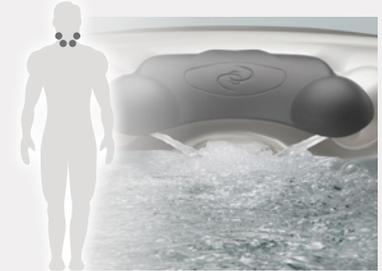

# 4 Nine jets dedicated to Hot Tub Circuit Therapy<sup>®</sup>

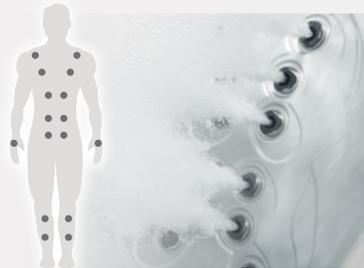

**1 UltraMassage™ seat/lounge jets**  
Relax into the lounge or seat to receive a soothing massage to your neck, shoulders, and middle back. Varies by model.

**2 Air jet system – a Utopia® Series exclusive**  
Carefully placed air jets produce a bubbling, stimulating effect for gentle, relaxing soft-tissue massage.

**3 Atlas® neck massage system – a Utopia Series exclusive**  
A soft, contoured pillow cradles your head and neck while specialized, adjustable above-the-water-line jets massage just the right spots on your neck or shoulders.

**4 EcstaSeat® jets**  
This seat has multiple jets that focus on the large muscles in your back. Select models also feature jets for your wrists and/or calves.

**5 LumbarSsage® seat jet**  
Lower back tension? A unique jet configuration kneads your lumbar region to relieve tension and pain.

**6 Whirlpool jet – a Utopia Series exclusive**  
This high-volume jet delivers a powerful massage to your lower back and creates a natural swirling effect throughout your spa.

**7 Euphoria® jet**  
This jet provides a deep, powerful, penetrating massage to your thighs, knees, calves, and feet.

**8 Sole Soothers® jets**  
Your feet bear your full weight each and every day. The Sole Soothers jets reward tired soles with a stimulating, direct massage.

**9 Foot Ridge® jets**  
The Foot Ridge support provides a convenient anchor point to help you remain stationary, while powerful jets go to work on your sore muscles.

5

## Simple water care solutions

Step into crystal clear water every time you enter your spa and use fewer chemicals with either the FROG® or Monarch® water care system.

The FROG system integrates into the shell of your Caldera spa, providing automatic, continuous treatment of your water. It uses fewer chemicals than traditional water care systems, so water is gentle to your skin.

As an alternative to the FROG, the Monarch water care system features a CD-Ozone unit that continuously injects millions of tiny, highly concentrated ozone bubbles into the water, neutralizing contaminants on contact.

6

## Hot tub energy efficiency and FiberCor™

Owning an energy-efficient spa is more than good for the environment; it saves you money.

Caldera spas are insulated with proprietary FiberCor insulation that has four times the density of the urethane foam used in most hot tubs. This insulation is completely recyclable, 100% non-petroleum based and is free of harmful emissions. As a result, FiberCor:

- Provides superior insulation
- Improves hot tub performance
- Lowers energy costs

**FiberCor**™
